OUR MISSION

Since 1991, California Pride All-Star teams have competed and won at hundreds of competitions, where they have received countless awards and recognitions. But more significantly, our coaches have made it their goal to use competitive cheerleading to inspire each individual athlete to learn the importance of commitment, teamwork and dedication. Through the fun and exciting environment of weekly practices and competitions, the athletes not only train to improve valuable skills, but also to strengthen the values they can apply outside the gym in everyday life. With each practice, with each season, our desire is that every individual enters our gym with hope and inspiration, and walks out with courage, confidence.....and Pride.
